- Bachelor's degree of Computer Science – Jazan University – Saudi Arabia.   **(Jan 2016 – Dec 2023)**

Work experience :

Network Administrator at Hotel (Self-Employed)   **(Jan 2020 – Present)**

- Designed and implemented hotel network using Mikrotik systems.
- Managed remote network access through VPN.
- Set up servers to connect hotel branches using PTP VPN protocols.
- Worked with protocols including PPTP, SSTP, L2TP, EoIP, and BGP for PTP connectivity.
- Developed a Telegram bot to receive network alerts and control network settings.
- Hosted a cloud server to display network status via API and manage alerts.
- Gained hands-on experience in server management.

Skills :

- **Soft skills :**
    - Leadership, communication, teamwork, and problem-solving skills.
    - Quick learner with strong time management capabilities.

- **Technical skills:**
    - **Networking:** Expertise in VLAN, PTP, VPN (SSTP, PPTP, L2TP), EoIP tunnel, BGP, and load balancing.
    - **Programming**: Proficient in C++, PHP, HTML, JavaScript, and database management.

Achievements :

- Participated in the **Black Hat MEA 2023 CTF** competition in Riyadh.
- Attended **LEAP 2024** in Riyadh.
- Attended **Black Hat 2024** in Riyadh.

Courses :

- CCNA
- Security+
- Linux
- Mikrotik – MTCNA

Languages :

- Arabic (Native)
- English (Intermediate)
